Assistant Clerk to contact J Grebert in the first instance to see if they have a copy of a land registry document detailing the boundary. Once the initial discussion has taken place, a formal letter can be written.
R26/20	Football Goals
	<p>The new football goals are causing damage to the football pitch during the winter months. This is due to them being dragged across the pitch each time a match is held. It has been suggested that the goals should be moved to the correct location on a permanent basis and be attached to a concrete post, so they cannot be removed. This will also make it possible for other members of the community to play football at Hunter Park. A decision is required but not urgent</p> <p>In addition to the above, there are a smaller set of goal posts being held in one of the shipping containers. These are owned by a football team that previously used Hunter Park pitches but did not settle their invoice. It has been suggested that these are used on the top field at Hunter Park. Decision required but not urgent.</p>
